MANAGEMENT DISCUSSION AND ANALYSIS REPORT

1. INDUSTRY STRUCTURE AND DEVELOPMENTS

Our Company is a manufacturing and trading organization having its production/refining plant of Edible Oils. Our manufacturing process involves refining of Crude Oils to obtain Refined Rice Bran Oil, Canola Oil, Soya Bean Oil, Sunflower Oil and Rice Bran Bleached Oil. During the refining process certain by-products are also manufactured such as Rice Bran Fatty Acid Oil, Rice Bran Wax, Gums and Spent Earth which are also saleable. Further, we also import crude oils, process them and sell the finished product. We also trade in both edible and non-edible oils.

Overview of Edible oil Industry: Oilseeds and edible oils are two of the most sensitive essential commodities. India is one of the largest producers of oilseeds in the world and this sector occupies an important position in the agricultural economy, accounting for production of 27.51 million tons of nine cultivated oil seeds during the year 2014-15 (November-October) as per Final Estimates released by the Ministry of Agriculture on 09.05.2016. India contributes about 6-7% of the world oilseeds production. Export of Edible oils was 38317.56 tons in the financial year 2014-15 valued at Rs. 46040.37 Lacs.

Types of Oils commonly in use in India: India is fortunate in having a wide range of oilseeds crops grown in its different agro climatic zones. Groundnut, mustard/rapeseed, sesame, safflower, linseed, niger seed/castor are the major traditionally cultivated oilseeds. Soyabean and sunflower have also assumed importance in recent years. Coconut is most important amongst the plantation crops. Efforts are being made to grow oil palm in Andhra Pradesh, Karnataka, Tamil Nadu and North- Eastern parts of the country in addition to Kerala and Andaman & Nicobar Islands. Among the non-conventional oils, rice bran oil and cottonseed oil are the most important. In addition, oilseeds of tree and forest origin, which grow mostly in tribal inhabited areas, are also a significant source of oils.

Consumption Pattern of Edible Oils in India: India is a vast country and inhabitants of several of its regions have developed specific preference for certain oils largely depending upon the oils available in the region. For example, people in the South and West prefer groundnut oil while those in the East and North use mustard/rapeseed oil. Likewise several pockets in the South have a preference for coconut and sesame oil. Inhabitants of northern plain are basically consumers of fats and therefore prefer Vanaspati, a term used to denote a partially hydrogenated edible oil mixture of oils like soyabean, sunflower, rice bran and cottonseed and oils. Many new oils from oilseeds of tree and forest origin have found their way to the edible pool largely through vanaspati route. Of late, things have changed. Through modern technological means such as physical refining, bleaching and deodorization, all oils have been rendered practically colorless, odorless and tasteless and, therefore, have become easily interchangeable in the kitchen. Oils such as soyabean cottonseed, sunflower, rice bran, palm oil and its liquid fraction- palmolein which were earlier not known have now entered the kitchen. The share of raw oil, refined oil and vanaspati in the total edible oil market is estimated roughly at 35%, 55% and 10% respectively. About 50% of domestic demand of edible oils is met through imports out of which palm oil/palmolein constitutes about 80%. The consumption of refined palmolein (RBD palmolein) as well as its blending with other oils has increased substantially over the years and is used extensively in hotels, restaurants and in preparation of wide varieties of food products.

Major Features of Edible Oil Economy: There are two major features, which have significantly contributed to the development of this sector. One was the setting up of the Technology Mission on Oilseeds in 1986 which has been converted into a National Mission on Oilseeds and Oil Palm (NMOOP) in 2014. This gave a thrust to Government's efforts for augmenting the production of oilseeds. This is evident by the very impressive increase in the production of oilseeds from about 11.3 million tonnes in 1986-87 to 26.68 million tons in 2014-15. Most of the oilseeds are cultivated on marginal land and are dependent on rainfall and other climatic conditions. The other dominant feature which has had significant impact on the present status of edible oilseeds/oil industry has been the program of liberalization under which the Government's economic policy allowing greater freedom to the open market and encourages healthy competition and self regulation rather than protection and control. Controls and regulations have been relaxed resulting in a highly competitive market dominated by both domestic and multinational players.

Overview of Company

Our Company was incorporated as M K Proteins Private Limited under the provisions of the Companies Act, 2013 vide certificate of incorporation dated June 15, 2012 in Ambala, Haryana. Subsequently, the name of our Company was changed to M K Proteins Limited pursuant to shareholder's resolution dated January 20, 2017 and vide fresh certificate of incorporation dated February 08, 2017. Our Company is a manufacturing and trading organization having its production/refining plant of Edible Oils. Our manufacturing process involves refining of Crude Oils to obtain Refined

Rice Bran Oil, Canola Oil, Soya Bean Oil, Sunflower Oil and Rice Bran Bleached Oil. During the refining process certain by-products are also manufactured such as Rice Bran Fatty Acid Oil, Rice Bran Wax, Gums and Spent Earth which are also saleable. Further, we also import crude oils, process them and sell the finished product. We also trade in both edible and non-edible oils. The initial installed capacity of the Plant for manufacturing/refining of Vegetable Refined Oil was 120 TPD, which had further expanded to 250 TPD in the year 2014-15. Our company is focused at production of highest quality of edible oil. Our refinery is completely mechanized and today we produce rice bran oil, sunflower oil etc with protein content, with controlled fiber free from oil residue, ash and sand & silica. This is possible only through sustained levels of cleaning, storage and monitoring arrangements. Our Company based on its extensive experience of its promoters and its standards, conforms to major specifications and customer requirements. We firmly believe in benchmark product quality, customer centric approach, people focus, ethical business practices and good corporate citizenship.

2. BUSINESS STRATEGY

Our Company intends to focus on adhering to the quality standards of our products. Our driving force has always been the quality of our products, as it would enable us to have long term standing relationship with our customers. Since, our products are used for human consumption, we have to ensure that the same meets the standards prescribed by law. Further, our Company has got license to act as manufacturer of Edible Oils and Blended Edible Oils under Food Safety and Standards Act, 2006.

We believe in transparency and commitment in our work with our clients. We have an experienced team for taking care of our manufacturing process and our day to day operations. We also consult with external agencies on a case to case basis on technical and financial aspects of our business. We will consistently put efforts among its group of experienced employees to transform them into an outstanding team of empowered professionals which helps in further accelerating the wheels of development of the Organization.

We intend to cater to the increasing demand of our existing clients and also to increase our existing clientele by enhancing the distribution reach of our products in different parts of the country. Our Company operates from Haryana. We propose to increase our marketing and sales team which can focus on different regions and also maintain cordial relationship with our clients. Enhancing our presence in additional region will enable us to reach out to a larger population. Further our Company believes in maintain long term relationship with our clients in terms of increased sales. We aim to achieve this by adding value to our clients through quality assurance and timely delivery of our products.

3. OPPORTUNITIES, THREATS, RISKS AND CONCERN:

Strengths

We believe that the following strengths have contributed to success and will be competitive advantages for us, supporting our strategy and contribution to improvements in financial performance:

-Our promoters have vast experience in the Edible Oil industry and have always believed in maintaining the best quality in our products. Our Company is dedicated towards quality of our products which has helped us to maintain long term relations with our customers and has also facilitated us to entrench with new customers.

-Along with experienced promoters, our company has a team of employees and workers who assist the top management, having knowledge and expertise of core aspects of Edible Oil industry and marketing. We believe that our experience, knowledge and human resources will enable us to drive the business in a successful and profitable manner.

-Our product portfolio consists of wide range of products which differentiate us from other companies. We have product portfolio ranging from Rice Bran Oil, Sunflower Oil, Canola Oil, Soyabean Oil etc,

Threats and Weakness

Price Volatility: Your Company is exposed to commodity price fluctuations in its business. All major raw materials as well as finished goods being agro-based are subject to market price variations. Prices of these commodities continue to be linked to both domestic and international prices, which in turn are dependent on various Macro/ Micro factors. Prices of the Raw materials and finished products manufactured by your Company fluctuate widely due to a host of local and international factors. Your Company continues to place a strong emphasis on the risk management and has successfully introduced and adopted various measures for controlling the price fluctuations in order to minimize its impact on profitability.

Government Policies: The policies announced by the Government have been progressive and are expected to remain likewise in future, and have generally taken an equitable view towards various stake holders, including domestic farmers, industry, consumers etc.

Growing competition in the Edible oil Industry and Threat of cheap import

Un-established Brand Name, Low advertising and visibility and huge requirement of working capital

Opportunities:

Since its establishment of the company, the customer base has been increased gradually due to its quality product. Now, the final product of the company has duly been accepted in the market and the management are hopeful to achieve better results in the ensuing year.

4. **MARKETING STRATEGY**

We have developed a marketing network across northern states in the country. Our marketing team is led by our Directors who are responsible for the overall marketing strategies. Our success lies in the strength of our relationship with our customers who have been associated with us for a long period. Our Sales & Marketing team is headed by our management which keeps itself updated on the customer preference and changes in their requirements from time to time. Our marketing team is also assisted by a technical team. Our promoters Mr. Vinod Kumar and Mr. Raj Kumar, through their vast experience and good rapport with customers play an instrumental role in quality maintenance and timely delivery of products.

We compete with other manufacturers on the basis of product quality and product price including factors, based on reputation, regional needs and customer convenience. While these factors are key parameters in client's decision matrix in purchasing goods; product quality and product price is often the deciding factor in most deals. Due to industry's fragmented nature, there is no authentic data available to our Company on total industry size and market share of our Company vis-a-vis the competitors. We believe that the principal factors affecting competition in our business include client relationships, reputation, the abilities of employees, market focus and the relative quality and price of the products.

5. **OUTLOOK**

As per the industry sources, the food consumption in India was \$ 135 billion in year 2000. This is expected to be \$ 895 billion by 2020. Coupled with this is the fact that over 60% of population is under the age of 30, who are developing, leading and changing consumption behavior. In the coming year, India's economic indicators such as GDP growth rate, infrastructure focus, good monsoon, Banking reforms, Inflation control, Goods and Service Tax, growing consumerism and disposable income reflects very positive outlook for foods business. International low commodity prices have resulted in increasing demand and imports to bridge the demand-supply gap. This is expected to expand the capacity utilization of all refining facilities.

Considering the global economic scenario and encouraging business conditions in domestic markets, the industry hopes that the Government of India would set (and review from time to time, as may be required) tariff policy so as to stimulate the domestic industry on a consistent basis and harmonize the interest of domestic farmers, processors and consumers through appropriate differential import duties between import of crude and refined edible oils. The industry further hopes that the Government would proactively respond to global factors and genuine requests of the industry on a regular basis so as to foster domestic manufacturing growth and to prop up investments in the domestic manufacturing sector, given the vast potential of edible oil consumption in India.

To bridge the gap between demand and supply, it is, essential to increase the availability of vegetable oils from domestic resources by encouraging diversification of land from good grains to oil seeds, increasing productivity of oil seeds, encourage oil palm cultivation, place oil palm cultivation under plantation crops and fullest exploitation of non traditional domestic sources. This will improve capacity utilization, increase production and productivity thereby bring the industry to be competitive in the international market. The biggest beneficiaries would be the marginal farmers whose entire livelihood depends on the meager earnings that they get from small piece of land.

The Indian economy is showing signs of strength, backed by improvement in overall business sentiments. Given the growth in the overall edible oil consumption, keeping in view the discerning and value conscious need of the growing consumer base, the growth in packed segment has been growing almost twice of the overall edible oil growth in the recent past. The trend is expected to continue due to low base and vast potential.

6. **SEGMENT WISE OR PRODUCT-WISE PERFORMANCE**

The Company is engaged in single activity (i.e. Manufacturing of Vegetable Refined Oil) and there is no separate reportable segment as per AS-17

7. **INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY**

The Company has aligned its current systems of internal financial control with the requirement of Companies Act 2013. The Internal Control is intended to increase transparency and accountability in an organization's process if designing and implementing a system of internal control. The framework requires a company to identify and analyse risks and manage appropriate responses. The Company has successfully laid down the framework and ensured its effectiveness.

The Company's internal controls are commensurate with the size of the company and the nature of its business. These have been designed to provide reasonable assurance with regard to recording and providing reliable financial and

operational information, complying with applicable statutes, safeguarding assets from unauthorized use, executing transactions with proper authorization and ensuring compliance of corporate policies. The company has an audit committee, the details of which are provided in the Corporate Governance Report. The audit committee reviews the internal control system and follows up on the implementation of corrective actions, if required. The committee also meets the company's statutory auditors to ascertain, inter alia their views on the adequacy of internal control system in the Company and keeps the Board of Directors informed of its major observations from time to time. The management also regularly reviews the utilization of fiscal resource, compliance with law, efficiencies, so as to ensure optimum utilization of resources and achieve better efficiencies.

Based on its evaluation (as defined in section 177 of Companies Act 2013), our audit committee has concluded that, as of March 31, 2018, our internal financial controls were adequate and operating effectively.

8. **MATERIAL DEVELOPMENT IN HUMAN RESOURCES/INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED**

According to the volume of work of the company, the Company has increased its work force gradually. Being a small size of company, the Remuneration Policy is designed to create a high performance culture. It enables the company to attract retains and motivates employees to achieve better results. The company has taken efforts to set up and maintain an efficient work force. The company is taking steps towards maintaining a low attrition rate which it believes shall be achieved by investing in learning and development programmes for employees, competitive compensation, creating a compelling work environment, empowering employees at all levels as well as a well-structured reward and recognition mechanism.

INDEPENDENT AUDITORS' REPORT ON FINANCIAL STATEMENTS

To,

The Members of,
M. K. PROTEINS LIMITED
(FORMELY KNOWN AS M. K. PROTEINS PRIVATE LIMITED),

Report on the Financial Statements

We have audited the accompanying financial statements of **M. K. PROTEINS LIMITED, AMBALA** ('the Company'), which comprise the Balance Sheet as at March 31, 2018 and the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of these financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) In the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2018;

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF M. K. PROTEINS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **M. K. Proteins Limited**, (“the Company”) as of March 31, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion considering nature of business, size of operation and organizational structure of the entity, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

The equity shares of the Company have been listed on the Emerge SME Platform of the National Stock Exchange of India Limited w.e.f. 18 April, 2017.

[1B] Summary of Significant Accounting Policies

i) Basis of Preparation of Financial Statement

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis. These financial statements have been prepared to comply in all material aspects with the accounting standards specified under Section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and other relevant provisions of the Companies Act, 2013.

All assets and liabilities have been classified as current or non-current, wherever applicable as per the operating cycle of the Company as per the guidance as set out in the Schedule III to the Companies Act, 2013.

ii) Presentation of Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The Cash Flow Statement has been prepared and presented as per the requirements of Accounting Standard (AS) 3 "Cash Flow Statement". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of accounts along with the other notes required to be disclosed under the notified Accounting Standards and the Listing Agreement.

iii) Use of Estimates

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized.

iv) Tangible Fixed Assets:

i) Fixed Assets have been stated at historical cost less accumulated depreciation and cumulative impairment. Expenses directly related to the construction or acquisition of the fixed assets have been capitalized and added to the particular assets. Pre-operative expenses incurred till the date of capitalization have been apportioned on pro-rata basis. Items of fixed assets not capitalized and other pre-operative expenses to the extent not apportioned are shown under the head "Capital work in progress".

ii) Depreciation/Amortization:

In respect of fixed assets (other than freehold land and capital work-in-progress) acquired during the year, depreciation/amortization is charged on Straight Line method so as to write off the cost of the assets over the useful life and for the assets acquired prior to April 1, 2014, the carrying amount as on April 1, 2014 is depreciated over the remaining useful life of assets as prescribed in Schedule II to the Companies Act, 2013. Depreciation in respect of addition/deduction to fixed assets during the year has been charged on pro-rata basis.

v) Impairment of Assets

At each Balance Sheet date, the management reviews the carrying amounts of its assets to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of impairment loss. Recoverable amount is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows expected from the continuing use of the assets and from its disposal and discounted to their present value using a pre-tax discounted rate that reflects the current market assessments of time value of money and risks specific to the asset.

Reversal of impairment loss is recognized immediately as income in the Statement of Profit and loss.

- vi) **Revenue Recognition**
- Revenue from the sale of goods is recognized upon delivery, which is when title passes to the customer. Sales are stated net of trade discounts and sales taxes.
 - Other items of income are accounted as and when the right to receive arises.
 - The expenses and income considered payable and receivable respectively are accounted for on accrual basis.
- vii) **Retirement Benefits**
- The Company's contribution to the recognized Provident/Family Pension Fund and Employees State Insurance Fund (Defined Contribution Scheme) schemes whether in pursuance of any law or otherwise is accounted on accrual basis and charged to the Statement of Profit and Loss of the year.
 - Gratuity Fund: The retirement gratuity benefit to employees is accounted for on accruing basis for the employees', based on their last drawn salary, completed years of services, instead of ascertaining actuarial impact.
 - Leave encashment benefit is considered and provided, based on actual as at the end of the financial year.
- viii) **Valuation of Inventories**
- Inventories are valued as under: -
- | | |
|---|---|
| -Raw Material, packing material, chemicals and fuel | At cost or net realizable value whichever is less |
| -Finished/Semi-finished goods (including by-products) | At cost or net realizable value whichever is less |
| -Stores and spares | At cost or net realizable value whichever is less |
| -Stock-in-Trade | At cost or net realizable value whichever is less |
- Note:**
- Cost for the purpose of valuation of finished/semi-finished goods (including by-products) is determined by considering material, labour and other related overheads.
- Cost of trading items includes cost of purchase & other costs of acquisition attributable thereto.
- Excise duty on finished goods manufactured is accounted for on clearance of goods from factory premises.
- ix) **Borrowing Cost**
- Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are recognized as an expense in the period in which they are incurred.
- x) **Taxes on income**
- Provision for current tax is made on the basis of taxable income and tax credits computed in accordance with the provisions of Income Tax Act, 1961.
 - Deferred tax expenses or benefit is recognized on timing differences being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date.
- xi) **Miscellaneous Expenditure**
- Preliminary expenses are being written off over a period of 10 years.
- xii) **Provisions, Contingent Liabilities and Contingent Assets**
- Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.
- xiii) **Foreign currency transactions and foreign operations**
- The reporting currency of the Company is Indian rupee.
 - Foreign currency transactions are recorded on initial recognition in the reporting currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing rate. Non-monetary items, carried at historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.
 - Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Statement of Profit and Loss, except in case of long term liabilities, where they relate to acquisition of fixed assets, in which case they are adjusted to the carrying cost of such assets.

xiv) **Cash and Cash Equivalents**

The Company considers all highly liquid financial instruments, which are readily convertible into cash and have original maturities of three months or less from the date of purchase, to be cash equivalents.

xv) **Cash Flow Statement**

Cash flows are reported using the indirect method, whereby profit before tax is adjusted from the effect of transactions of non cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flow from operating, investing and financing activities is segregated.

xvi) **Extraordinary and exceptional items**

Income or expenses that arise from events or transactions that are clearly distinct from the ordinary activities of the Company are classified as extraordinary items. Specific disclosures of such events/transactions are made in the financial statements. Similarly, any external event beyond the control of the Company significantly impacting income or expense is also treated as extraordinary item and disclosed as such.

On certain occasions, the size, type or incidence of an item of income or expenses, pertaining to the ordinary activities of the Company is such that its disclosure improves an understanding of the performance of the Company. Such income or expenses is classified as an exceptional item and accordingly disclosed in the notes to accounts.

xvii) **Lease Accounting:**

As a Lessor: The Company has given assets on an operating lease basis. Lease rentals are accounted on accrual basis in accordance with the respective lease agreements.

As a Lessee: Operating lease payments are recognized as expenditure in the Statement of Profit and Loss as per the terms of the respective lease agreements.

xviii) **Earning Per Share**

Basic earning per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighed average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

[29] OTHER NOTES FORMING PART OF THE ACCOUNTS

- a) The Balance Sheet as on March 31, 2018 and the Statement of Profit and Loss for the year ended March 31, 2018 are drawn and presented as per the new format prescribed under Schedule III to the Companies Act, 2013.
